# ABOUT THE PROGRAM

Learn English in a fun, task-based style through activities that build your proficiency and create a lifelong enjoyment of learning.

English For Leaders helps students develop into global citizens.

Our program are tailored to the duration and interests of each group. Our themes are purpose-designed to meet the unique needs of university students,

Students also gain a unique cultural perspective by active participation in their Australian community and lifestyle.

# ABOUT THE ACTIVITIES

Through the activities, students gain confidence using natural English.

Students get out and about around Melbourne and access creative educational resources that help them learn in new and challenging ways.

While enhancing English skills, joining a school community or enjoying exciting excursions, students are actually developing the self assurance, discipline and focus they need for independent study.

Our activities and excursions are highly interactive so whether you're in a classroom or out at one of the locations you will up on your feet, expressing your ideas, using English, creating stories, developing your language ability and having fun.

Some recent excursions:

- State Library
- National Gallery of Victoria (NGV)
- Melbourne Museum
- Captain Cook Cottage (Fitzroy Gardens)
- Original Lanes and Arcades Walk
- Williamstown beach and historic areas
- Tree surfing
- Rock climbing

“You use English very naturally in this class. It doesn't feel like I'm stuck in a classroom.”  
- Rio (Japan)

# ABOUT OUR CLASSES

Classes start at 10am and go until about 2pm where the students then depart for the afternoon activities.

The class starts by preparing the class for the activities and by eliciting answers to questions previously covered.

The classes are highly interactive and touch on a range of topics like and activities:

- Aboriginal culture, history and art (make a boomerang)
- Australian slang/idioms
- Greetings and common and natural ways to hold a conversation
- Presentations with style
- Australian food, lifestyle, sport and how to ask questions and order food & drinks
- Cooking session

# FROM OUR DIRECTOR

Helping people discover new ways to enjoy using English is a key passion of mine.

Through our system of direct, Communicative language teaching (CLT) and Task-based language learning, we evoke our students' desire and ability to use functional and polished English.

A stylized, handwritten signature in black ink, consisting of a large, sweeping 'D' followed by a series of connected loops and a final downward stroke.

# FEEDBACK

“

The teaching style is open and relaxed. I really like this way. The teacher encouraged us to communicate more than local residents and give lectures in class. This gave me a good boost in my spoken language. - Ice

David and Lauren are very kind and funny, they made us learn English better by all kinds of classes. In fact, the spoken English of our Chinese student is very bad, especially for non-Shanghai students, but it is my opinion. I hope we can have local classmates with us when we study English, although it will be awkward. I hope we can learn some of their learning styles while learning English. - Kang

# FAQS

## **How do you choose the level?**

Before arriving, we send an electronic level test which gives us an idea of the level of the students before they arrive. In their first class we do a speaking and listening level test and then rebalance the groups.

## **What can you tell me about the homestay family?**

We have partnered with a local, experienced homestay provider where your child can learn English and experience the Australian way of life by living with an Australian family. All homestays are located between 30-60 minutes travelling distance from the city, are culturally diverse and reflect Melbourne's multicultural population and the rooms include a comfortable private room, equipped with a desk, bed, dresser, closet and good lighting. 3 healthy meals are also provided.

## **This is their first time overseas, will it be OK?**

All of our classes have a ratio of 1 teacher for 10 students as well as a chaperone from one of the travelling countries to assist with interpretation, counselling and support.

## **How can I pay?**

We accept credit card payments, bank transfer. For credit cards we will invoice you directly, for bank transfers, please use the following details:

Account name: English For Leaders

bsb : 083004

account number: 692238772

# FAQS

## **Will there be time to study maths?**

Continuing maths study is important for some parents and this can be provided and monitored at an additional cost. Please ask for further details.

## **What happens if the weather changes for the outdoor activities?**

As with all outdoor excursions, sometimes the weather affects our ability to be outside. On occasions when the weather is too hot, rainy, dangerous winds or such we have a host of backup indoor activities and sometimes the schedule may change that we do activities on different days from the schedule.

## **How much pocket money should I give my child?**

The program fees include classes, entry fees, transport, accommodation, 3 meals daily and airport pickup/drop off. but if students want to buy things like souvenirs, trinkets, jewellery or snacks like bubble tea/soft drinks we suggest around \$300 for every 2 weeks.

## **How can I contact my child?**

We also keep in close contact with parents sharing photos and updates on KakaoTalk, wechat or LINE depending on the common platform for parents. We also encourage parents to get in touch during the trip.

A black and white photograph of a large group of students, mostly of East Asian descent, posing for a group photo in what appears to be a classroom or lecture hall. They are arranged in several rows, with some standing and some sitting. The students are dressed in casual attire, including jackets, sweaters, and jeans. Some are holding bags or books. The background shows a typical classroom environment with posters on the wall and a staircase visible on the right side. The overall tone is professional yet approachable.
